A History of Creating Value

The history of the KAMEDA SEIKA Group began when we started to make *mizuame*—a thick, clear and sticky starch syrup—with an ambition to "deliver enjoyment and delight to people's lives" during the food shortages in Japan immediately after World War II.

The KAMEDA SEIKA Group's Purpose is to contribute to a nice lifestyle with the blessings of rice to further refine the value of excellent flavor, health, and excitement. We aim to be a brand that is loved and trusted by people all over the world.

In light of all the changes in the operating environment for food companies, we will continue to strive for sustainable growth and improved corporate value.

Note: Consolidated net sales from FY2001. From FY2021, figures are presented after applying the Accounting Standard for Revenue Recognition.

Founding Philosophy

During the food shortages in Japan immediately after World War II, our founder felt that **“Men can find pleasure in drinking, but there is no enjoyment for women and children. I want to give them something that can bring enjoyment and delight to their lives.”** This became our founding philosophy, and KAMEDA SEIKA was born. With no prior experience, he began making *mizuame*—a thick, clear and sticky starch syrup.

Direct sales store circa 1950
Founded in 1946 as a consignment processing plant for *mizuame* starch syrup, the Company reorganized into the KAMEDA Agricultural Products Cooperative Association before incorporating in 1957.
